

**Notice of Review of the Annual Report for
The City of Groton Stormwater Management Plan**

The Stormwater Management Plan (SWMP) for the City of Groton was developed to meet the requirements of the Connecticut Department of Energy & Environmental Protection (DEEP) General Permit for the Discharge of Stormwater from Small Municipal Separate Storm Sewer Systems (MS4s), issued September 29, 2023 and effective October 1, 2023.

An Annual Report summarizing the progress made implementing the SWMP during 2023 will be available for the 30-day public review period beginning February 15, 2024. At this time, we are soliciting questions and comments from the public. The public review and comment period will end March 18, 2024.

You can view a copy of the Annual Reports and the SWMP at: [Stormwater Information | Groton, CT \(cityofgroton.com\)](https://www.cityofgroton.com/stormwater-information). A hard copy of the report will also be available at the Public Works Office at 295 Meridian Street in Groton, during regular business hours, Monday through Friday from 7:00 a.m. to 3:30 p.m.

Questions and comments can be directed to:
